PRESIDENT'S REPORT

President Ourso reported on the following:

- The Maringouin Council on Aging building is preparing for its final walk through. President Ourso stated this project has been Chairman Jewell's baby and he has been finalizing its last few details.
- Coastal Bridge was the lowest bidder at \$861,000 for the Gracie Lane Bridge. The North Bridge needs the dirt removed by DOTD to allow traffic.
- The \$300,000 aqua dams are currently being stored in Abbeyville, LA. The Parish is paying \$200 for the aqua dams to be stored until the Parish's building is built to store the aqua dams. The building for the aqua dams is going out for bid.
- There is a letter from Pan American Engineers about Bayou Paul Road. FEMA denied the cost of the repair of the road. FEMA had 90 days to rethink the \$671,000 to repair the road, or deny it and the Parish will have to pay to repair it.
- The specs for the new gate structure for the Alligator Bayou Floodgates will be sent to the State of Louisiana, and then go out for bid.
- St. Gay Subdivision's roads are being rebuilt. In 2007 it was overlaid and now 10 years later the roads are being rebuilt. The contractor will then move across the river once this project is complete.
- The 10 acre site on LA 1 lease has been recorded for the Iberville Parish Fire Range. There was a miscommunication with the farmer, and beans were already planted. The Parish recently met with them to settle, and construction will begin for the fire range. There will be a pistol side and a long gun side, a children's area, a pond, and a place for activities.
- President Ourso would like to address the Semouryville School in District 6. There is asbestos in the facility, and a part of it has been torn down and abated. There is still asbestos being removed currently. The remediation should be completed by this Friday. The public has been protected during this remediation process. The Sheriff's Office has provided 24-hour security of the property. Once President Ourso gets the final report he will report back to the Council. The Parish intends to keep the gym and to renovate it for the local community. In the next year or so once the facility is cleaned up, the Parish will move forward with its future plans. The Parish has already invested over \$300,000 into this 10 acre property.
- The Courthouse HVAC project started off at \$1.6 million and now the project is up to almost \$4 million, with two more offices that still need to be done. The Sheriff's Office and the Assessor's Office are the two remaining offices. The West side of the Courthouse's parapet and crown is crumbling. President Ourso stated the Parish has spent a fortune on this Courthouse and the project went from \$1.6 million to an estimated \$5-6 million.

- There are 45 adjudicated properties, due to non-payment of taxes. They will go up for sale on June 21, 2017. The Parish has collected around \$900,000 for these properties.
- Currently, there are 6 derelict properties to be completely torn down.

President Ourso personally thanked Mr. Randall Dunn on his efforts for the new Iberville bridge website.

CHAMBER OF COMMERCE REPORT

Mr. Hank Grace is not present.

FINANCIAL REPORT

Mr. Randall Dunn stated the Council received their financial statements. The Finance Department is currently working on the audit. There were no questions for Mr. Dunn.

OLD BUSINESS

- A) Ordinance to provide for placement of recreational vehicles in unincorporated areas of Iberville Parish

There was a lengthy discussion among the Council members who opposed this ordinance during the previously held Public Hearing.
