APPROVAL OF MINUTES

Upon a motion by Councilman Taylor, and seconded by Councilman Arnold, it was moved to wave the reading of the minutes of April 16, 2019 and approve as written. The motion having been duly submitted to a vote was duly adopted by the following yea and nay votes on roll call:

YEAS: Taylor, Dominique, Jackson, Smith, Arnold, Markins, Bradford, Vallet, Morgan.

NAYS: None.

ABSTAIN: None.

ABSENT: Ourso, Lewis, Kelley.

The motion was declared adopted by the Chairman.

PRESIDENT'S REPORT

President Ourso reported on the following:

- President Ourso stated the Parish received 9 inches of rain recently. He publicly thanked Councilman Kelley for his efforts during the rain, stating he is not here tonight because utility poles have been falling in residents' yards due to the weather.
- The Coast Guard and State agencies will allow marine traffic in the next 32-36 hours as the water is slowly receding.
- President Ourso had a meeting in the Council room yesterday with Venture Global from Arlington, Virginia. There is a proposed halo pipeline project of over 260 miles from Haynesville to Plaquemines Parish in Venice, LA. They are proposing to run two 42 inch pipelines the north to the south part of our parish. The company is hosting a Public Hearing at the Civic Center on June 4, 2019.
- Councilman Vallet called President Ourso and asked about the leaking of oil from the Republic Waste Services' trucks onto the roads. He stated over 3 months ago the brush and boom truck contract was awarded to Pelican Waste and taken from Republic Waste Services. The current garbage contract is nearing its end on December 31, 2019. Whoever the Parish signs a new garbage contract with, there will be a clause stating they cannot sell their contract to another company.
- Pictures of the rifle range were presented. President Ourso estimates another 30 to 45 days before the opening of the rifle range. The Council will have to adopt rules and regulations for the range. President Ourso would like to request free admission for parish residents with an ID, and free admission for all Veterans. There will be a fee for non-parish visitors. The range will be closed on Mondays and Tuesdays for maintenance. He would like to have an open house to invite the public to view the facility. He stated without Shintech the rifle range would not have been possible. The pictures show the parking lot, archery tower, pistol area, and custom cement tables. The range's entrance and exit is dangerous due to the railroad crossing. Once visitors cross the railroad tracks they will be monitored with cameras at all times. The Parish assumed all liability from Shintech.
- A picture was presented of the 150 ft flag pole. Eight pallets of grass were delivered for the surrounding area of the flag pole. President Ourso wants to retire the original flag at Oschner before putting up the new one.
- The Council also received a packet listing the road repair improvement projects throughout the Parish, which is a \$2 million dollar project.
- There are two new splash pads in the parish, one in Bayou Goula and the other in Bayou Sorrel. He hopes to add more splash pads throughout the parish in 2020.

Councilman Smith stated a piece of property in his District that has been a problem for years has been improved and cleaned up recently. He thanked the Building and Inspections Department for their efforts.

Councilman Markins asked about the current road repair projects, and President Ourso stated they are still ongoing.

FINANCIAL REPORT

Finance Director, Randall Dunn asked the Council to support the ordinance to adopt the millage rates. There were no questions from the Council.
