IV. ACKNOWLEDGEMENTS

INTRODUCTORY SECTION

CHRIS DAIGLE

PARISH PRESIDENT
IBERVILLE PARISH

DWAYNE BOUDREAUX
CHIEF ADMINISTRATIVE OFFICER

RANDALL W. DUNN, CPA
CHIEF OPERATING OFFICER

June 24, 2024

To the Honorable Parish President, Members of the Parish Council, and
Citizens of Iberville Parish:

Louisiana law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with GAAP and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant thereto we issue the comprehensive annual financial report of the Iberville Parish Council for fiscal year ending December 31, 2023.

This report consists of management's representations concerning the finances of the Iberville Parish Council. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the Iberville Parish Council has established a comprehensive internal control framework that is designed both to protect the Council's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Iberville Parish Council's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Iberville Parish Council's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Iberville Parish Council's financial statements have been audited by Baxley and Associates, LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of Iberville Parish Council for the fiscal year ended December 31, 2023 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principals used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Iberville Parish Council's financial statements for the fiscal year ended December 31, 2023, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Iberville Parish Council was part of a broader, federally mandated “Single Audit” designed to meet the special needs of federal grantee agencies. The standards governing Single Audit engagements require an independent auditor to report not only the fair presentation of financial statements, but also on the audited government’s internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Iberville Parish Council’s MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

One of the original 19 parishes in Louisiana, Iberville was incorporated on March 31, 1807. It is located in southeastern Louisiana, approximately nine miles from the capital, Baton Rouge. The western half of the Parish lies within the Atchafalaya Basin. The basin encompasses approximately 374,000 acres of marsh, swamps and open water. The majority of this area is either under water or susceptible to periodic flooding. There is very little development in this area other than recreation and sporting activities. The predominant land use in the basin is aqua cultural and agricultural in nature. Most urban and agriculturally developed areas of the parish are located in the north, central and eastern regions of the Parish.

Iberville Parish occupies a land area of 637 square miles and serves a population of 29,621. The Iberville Parish Council is empowered to levy a total of 5 property tax mills on both real and personal properties located within its boundaries.

Iberville Parish has operated under a Home-Rule form of government since October 31, 1997. Management is vested with the Iberville Parish President and staff of appointed department heads. The governing council consists of 13 councilmen representing separate districts throughout the parish. The council is responsible, for all matters associated with the legislative branch of government, for enacting ordinances, adopting the annual budget, appointing committees, hiring the council clerk and ratifying all department heads and the parish attorney. The Iberville Parish President is responsible for carrying out the policies and ordinances of the governing council, for overseeing the day-to-day operations of the government and for appointing heads of the various departments. Council members and the Parish President are both elected to four-year terms.

The Iberville Parish Council provides a full range of services, including fire protection, the construction and maintenance of parish streets, drainage, and other infrastructure, substance abuse prevention and treatment programs, animal control, mosquito abatement, emergency 911 services, emergency preparedness, community services and notification, medical facility and tourism information. Certain services are provided through separate component units such as: library services, recreational facilities, natural gas service, water service and sewer

service. Additional information on all the component units of the parish can be found in the notes to the financial statements.

The annual budget serves as the foundation of the Iberville Parish Council's financial planning and control. All agencies of the Iberville Parish Council are required to submit requests for appropriation to the government's finance director on or before the last day of August each year. The finance director uses these requests as a starting point for developing the proposed budget. The government's finance director then presents this budget to the parish president for review. Once the parish president approves the budget it then goes to the parish council for review. The budget must be presented to the Iberville Parish Council before November 1st. The council holds a public hearing and the budget must be adopted on or before December 31st. The appropriated budget is prepared by fund, function and cost center. Department heads may make transfers of appropriations within a cost center. Transfers of appropriations between cost centers, however, require a special approval of the parish president. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget is adopted. For the General Fund and all other major funds, this comparison is included in the section designated as required supplementary information.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Iberville Parish Council operates.

Local economy. Iberville Parish currently enjoys a stable economic environment. The region is highly dependent on the agricultural and petrochemical industry. Products range from refined chemical compounds, piping, herbicides and refrigerants, to household products and pharmaceuticals. Local industry provides the majority of jobs within the parish. The taxes paid by local industry are significant to the parish's tax base and local economy. Because of continued increase in Chemical Plant capital expansions, Iberville Parish expects to see a continued increase Sales and Use tax revenue for 2024. Use tax in Iberville Parish is driven primarily by plant expansions.

At December 31, of 2023 Iberville Parish had an employed labor force of approximately 13,889, with an unemployment rate of 3.7%. There has been a .01% increase from 3.6% in unemployment since December 31, 2022. The labor force is not expected to grow within the near future.

Long-term financial planning. Our Administration has developed long-term road maintenance and sewer plans that include parish-wide improvements funded through available cash, grants, excess revenue certificates of indebtedness and revenue bonds. Iberville also continues to work with the waterworks districts to plan for the changes in future water regulations by completing a parish wide water study to key in on the areas that need improvement to meet those regulations. Capital projects require long-term financial planning on behalf of the administration. This planning has grown increasingly hard because of recent economic conditions. Iberville has no short or long-term plans to issue any bonded debt.

Iberville Parish continues to budget conservatively based on the current economic indicators. We have indications that the Sales Tax Revenues will continue to rise in 2024 and level out over the next 3 budget years.

Cash management policies and practices. Cash temporarily idle during the year was invested in public investment accounts. The average yield on investments for 2023 was 4.692%. All deposits held in demand and public investment accounts are fully collateralized with securities and/or letters of credit.

Risk management. Within the General fund, Iberville accumulates funds paid from agencies participating in the parish's liability, workers' compensation, auto and property insurance for payment of future losses. Iberville is not fully self-insured. The accumulation of funds is used to cover deductibles associated with claims.

Pension and other post employment benefits. Employees of Iberville Parish participate in a statewide pension plan available to local government agencies. Iberville Parish does not administer its own pension benefit plan.

Iberville Parish provides postretirement health and life insurance. Iberville parish pays for ½ of the retiree health insurance for the first 5 years following retirement at which point the retiree is responsible for the entire premium.

Additional information on the Iberville Parish Council's pension and post employee benefits can be found in the notes to the financial statements.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Iberville Parish for its annual comprehensive financial report for the fiscal year ended December 31, 2022. This was the 23rd consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire finance department and administration. Appreciation is expressed to all members of the department who assisted and contributed to the preparation of this report. Credit must also be given to the Parish President and Parish Council Members for

their unfailing support for maintaining the highest standards of professionalism in the management of Iberville Parish's finances.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "Randall W. Dunn", with a stylized flourish at the end.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Chris Daigle, President
and the Councilmen/ Councilwomen of the Iberville Parish Council
Plaquemine, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Iberville Parish Council as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Iberville Parish Council's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Iberville Parish Council, as of December 31, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Iberville Parish Council and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Iberville Parish Council's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial

INDEPENDENT AUDITOR'S REPORT (continued)

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Iberville Parish Council's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Iberville Parish Council's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, budgetary comparison information, Schedule of Changes in Net OPEB Liability and Related Ratios – Iberville Parish Council and Library, the Schedule of Proportionate Share of Net Pension Liability, and the Schedule of Contributions to the Pension Fund on pages 4 through 17 and 81 through 90, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Iberville Parish Council's basic financial statements. The accompanying combining and individual nonmajor fund financial statements, budgetary comparison schedules – non-major special revenue funds and non-major debt service fund, Schedule of Compensation Paid to Board Members, Schedule of Compensation, Benefits, and Other Payments to Agency Head, Schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Justice System Funding Schedules, Schedule of President Council on Drug Abuse Fund-Receiving Entity, Schedule of Collections, Distributions, and costs of Collection (Cash Basis) and other supplemental information, as listed in the table of contents, and, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual

INDEPENDENT AUDITOR'S REPORT (continued)

Nonmajor fund financial statements, budgetary comparison schedules – non-major special revenue funds and non-major debt service fund, Schedule of Compensation Paid to Board Members, Schedule of Compensation, Benefits, and Other Payments to Agency Head, schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, Justice System Funding Schedules, Schedule of President Council on Drug Abuse Fund-Receiving Entity, Schedule of Collections, Distributions, and costs of Collection (Cash Basis) and other supplemental information, as listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section, statistical section, and other information, as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2024, on our consideration of the Iberville Parish Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Iberville Parish Council's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Iberville Parish Council's internal control over financial reporting and compliance.

Management's Discussion and Analysis

We present to the citizens of Iberville Parish these financial statements as an overview and analysis of the financial activities of the Iberville Parish Council for fiscal year ended December 31, 2023. Readers are encouraged to consider the information presented in conjunction with additional information that has been furnished with our letter of transmittal, which can be found on pages (i) through (v) of this report.

Financial Highlights

- The assets and deferred outflows of resources of the Iberville Parish Council exceeded its liabilities and deferred inflows of resources on December 31, 2023 by \$250,084,957 (*net position*). Of this amount, \$16,986,681 (*unrestricted net position*) may be used to meet the council's ongoing obligations to citizens and creditors, in accordance with law.
- Iberville Parish Council's total net position increased by \$20,977,203. The net position increase was due mainly to ongoing capital investments, an increase in ad valorem tax revenue and an increase sales tax revenue.
- On December 31, 2023, Iberville Parish Council's governmental funds reported combined ending fund balances of \$85,687,824, an increase of \$15,915,205 in comparison with 2022. The unassigned fund balance in the general fund, \$18,702,958, is available for spending at the government's discretion (*unreserved fund balance*). All other fund balances are restricted, committed or assigned for the purposes for which the fund was created.
- On December 31, 2023, unassigned fund balance for the general fund was 102% of total general fund expenditures. There was a 6% increase from 2022.
- The Iberville Parish Council's general government long term debt decreased by a net of \$2,458,614. This decrease was attributable to the continued servicing of debt according to terms of our agreements, as well as no new debt was issued during 2023.
- During 2023 the parish continued major capital improvement projects in the amount of \$12,356,465 to construct various buildings, parks, roadways, drainage improvements, and equipment.
- During 2023, Iberville Parish recognized an increase in Sales/Use tax collections compared to the December 31, 2022 fiscal year end. Sales/Use tax collections increased from \$29,283,519 in 2022 to \$33,219,479 in 2023.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Iberville Parish Council's basic financial statements. The Iberville Parish Council's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the Iberville Parish Council's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Iberville Parish Council's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or

decreases in net position may serve as a useful indicator of whether the financial position of the Iberville Parish Council is improving or deteriorating.

The *statement of activities* presents information showing changes in the government's net position during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Iberville Parish Council that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Iberville Parish Council include general government, public safety, public works, economic development, and culture and recreation. The business-type activities of the Iberville Parish Council are conducted through the Utility Department and they include a sewerage collection system, gas distribution system and water distribution system.

The government-wide financial statements include not only the Iberville Parish Council (known as the *primary government*), but also a legally separate Library system for which the Iberville Parish Council is financially accountable. Financial information for this *component unit* is reported separately from the financial information presented for the primary government itself.

The Utility Department, also legally separate, functions for all practical purposes as a department of the Iberville Parish Council, and therefore has been included as an integral part of the primary government. The government-wide financial statements can be found on Basic Financial Statements pages 18 and 19 of this report.

Fund financial statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Iberville Parish Council, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Iberville Parish Council can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental

funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Iberville Parish Council maintains thirty-four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Drainage Maintenance Fund, Public Building Maintenance, Sales Tax Roads, Solid Waste, American Rescue Plan and Capital Improvement. These seven funds are considered to be major funds. Data from the other twenty-one governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The Iberville Parish Council adopts an annual budget for its general, special revenue, and debt service funds. Budgetary comparison statements have been provided at the fund type level for the general, special revenue, and debt services fund to demonstrate legal compliance with these budgets. Also, individual fund budget comparisons are provided elsewhere in this report.

The basic governmental fund financial statements can be found on pages 20–21 of this report.

The Iberville Parish Council maintains only an enterprise fund type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Iberville Parish Council uses enterprise funds to account for its Utility operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the gas and water distribution operation, which is considered to be a major fund of the Iberville Parish Council.

The basic proprietary fund financial statements can be found on pages 23-26 of the Basic Financial Statements. More detail schedules can be found on pages 105-107 of this report.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Iberville Parish Council's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on page 27-28 this report.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-80 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Iberville Parish Council's progress in funding its obligations. Required supplementary information can be found on pages 81-90 of this report.

The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the required supplementary information on pensions. Combined and individual fund statements and schedules can be found on pages 91-112.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Iberville Parish Council, primary government assets and deferred outflows exceeded its liabilities and deferred inflows by \$250,081,957 at the close of the most recent fiscal year.

A large portion of the Iberville Parish Council's net position (77 percent) reflects its investment in capital assets \$180,528,367 (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. All bond and loan proceeds have been used to acquire capital assets. The Iberville Parish Council uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Iberville Parish Council's investments in its capital assets are reported net of related debt, the resources are not expendable. The funds needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Iberville Parish Council Statement of Net Position						
	Governmental activities		Business - type activities		Total Primary Government	
	2023	2022	2023	2022	2023	2022

Net position:						
Net investment in capital asset	144,451,986	137,624,617	18,948,584	18,540,207	163,400,570	156,164,824
Restricted	69,079,500	54,969,658	618,206		69,697,706	54,969,658
Unrestricted	14,766,948	14,458,475	2,219,733	3,514,797	16,986,681	17,973,272
Total net position	\$ 228,298,434	\$ 207,052,750	\$ 21,786,523	\$ 22,055,004	\$ 250,084,957	\$ 229,107,754

The *unrestricted net position* may be used to meet the government's ongoing obligations to citizens and creditors. At the end of the current fiscal year, the Iberville Parish Council reported positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

The Iberville Parish Council's total net position increased by \$20,977,203 during 2023, mainly from capital asset additions, increase in interest earnings and increase in property and Sales Tax revenue during 2023.

Governmental activities

Key elements of this increase are as follows:

- Sales taxes increased during 2023 by \$3,935,962. Sale Tax continue to rebound from the 2020 Covid-19 crisis and shutdown along with strength of the industrial economy of Iberville Parish remaining very strong.
- Ad Valorem taxes increased by \$2,221,040. Industry is eligible for a 10-year exemption on Ad Valorem tax once the capital project is put into service. This increase was mainly due to the industrial tax exemption roll-off during the 2023 assessment period.

- The total general government investment earnings increased by \$2,429,330. This increase is directly related to the increased Federal Reserve overnight target borrowing rate during 2022 and continuance to maintain that rate during 2023. Our interest rate on deposits is directly tied to this rate.
- Our total primary governmental activity revenues increased by \$10,116,992 from \$60,011,311 in 2022 to \$70,128,303 in 2023. Our total governmental fund expenditures – increased by \$8,790,958 from \$40,091,661 in 2022 to \$48,882,619 in 2023. The major reason for the increase in revenues was the additional revenue from sales tax, property tax and investment earnings. The major reason for increased expenditures are inflationary in nature. The General costs of business continue to escalate.

Revenue by Category

Business-type activities

Revenues by Source - Business Type Activities

Business-type activities decreased the Iberville Parish Council's Net Position by \$268,481. The total Primary Government Business-type Activity Net Position for 2023 is \$21,786,523.

Financial Analysis of the Government's Funds

As noted earlier, the Iberville Parish Council uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the Iberville Parish Council's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Iberville Parish Council's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Iberville Parish Council's governmental funds reported combined ending fund balances of \$85,687,824, an increase of \$15,915,205 in comparison with the prior year. The unassigned fund balance in the general fund, \$18,702,958, constitutes a balance which is available for spending for any lawful purpose at the government's discretion. The remainder of fund balance is split into the following categories:

Restricted fund balance: fund balance that is restricted when constraints placed on the use of resources are either:

1. Externally imposed by creditors (such as through debt covenants, grantors, contributors,) or laws or regulations of other governments; or
2. Imposed by law through constitutional provisions or enabling legislation.

Committed fund balance: fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the Iberville Parish Council, the government's highest level of decision-making authority.

Assigned fund balance: fund balance that are constrained by the government's intent to be used for specific a purpose, but are neither restricted nor committed. Intent should be expressed by the governing body itself or the official to whom the governing body has delegated the authority to assign amounts to be used for specific purposes.

A complete schedule of the allocation of the fund balance is located on page 41 of the notes to the financial statements.

The General Fund is the chief operating fund of the Iberville Parish Council. At the end of the current fiscal year, unassigned fund balance of the general fund was \$18,702,958 while total fund balance reached \$18,824,249. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 92 percent of total general fund expenditures and transfers out. The total fund balance of the Iberville Parish Council General Fund has increased by \$4,265,124 during the current fiscal year. The reason for this fund balance increase Sales Tax, Property tax and Investment revenue.

The Drainage Maintenance fund is a major special revenue fund that accounts for all parish-wide drainage expenditures. At the end of the current fiscal year, the restricted fund balance of the drainage maintenance fund was \$7,091,751. The Fund balance is restricted for maintaining drainage canals and drainage in general throughout Iberville Parish. The fund balance represents 159 percent of total drainage maintenance expenditures and transfers out. The fund balance of the Drainage Maintenance Fund increased by \$2,139,125 from 2022 as compared to 2023 due an increase in property tax collections during 2023. Property taxes have grown because of total assessed valuation increases.

The Public Building Maintenance fund is a major special revenue fund that accounts for the maintenance and capital improvement of all public buildings throughout Iberville Parish. At the end of the current fiscal year, the restricted fund balance of the Public Building Maintenance Fund was \$5,791,807. All of the fund balance was restricted or committed within the fund. The fund balance represents 187 percent of the total Public Building Maintenance fund expenditures and transfers out. The total fund balance of the Public Building Maintenance Fund increased by \$742,529 from 2022 as compared to 2023. The fund balance increased because of a continued effort toward the efficient use of funds and an increase in property tax revenue. Property taxes have grown because of total assessed valuation increases.

The Sales Tax Roads fund is a major special revenue fund that accounts for the maintenance and construction of all Iberville Parish roads that do not lie within a municipality. At the end of the current fiscal year, the restricted fund balance of the Sales Tax Roads fund was \$4,628,360. All of the fund balance is restricted by the parish council budget ordinance to be used for maintenance of parish roads. The fund balance represents 83 percent of the total sales tax road expenditures and transfers out. The fund balance of the Iberville Parish Sales Tax Roads Fund decreased by \$242,298 from 2022 as compared to 2023. The reason for this fund balance decrease was due to an increase in ongoing road improvement programs throughout the parish.

The Solid Waste fund is a major special revenue fund that accounts for the contractual service for the pickup of residential waste. At the end of the current fiscal year, the restricted fund balance of the Solid Waste fund was \$14,033,743. All of the fund balance was restricted within the fund. The fund balance represents 310 percent of the total Solid Waste expenditures and transfers out. The fund balance of the Iberville Solid Waste fund increased by \$2,521,044 from 2022 as compared to 2023. The reason for this fund balance increase was solely due to high Sales Tax Revenue. Sales Tax Revenue is driven by increase in retail prices and Use Tax.

The American Rescue Plan Act is a major special revenue fund that accounts for the funds allocated by the federal government to Iberville Parish in response to the COVID-19 pandemic. At the end of the current fiscal year the fund has unearned revenue of \$3,650,320 with a fund balance of \$185,690. The Federal government awarded those funds in advance of project approval and expenditure. Iberville Parish expects to spend all funds during fiscal year 2024 and 2025.

The Capital Improvement fund is a major capital project fund that accounts for major capital improvement projects within the parish. At the end of the current fiscal year, the restricted fund balance of the Capital Improvement fund was \$9,470,666. All of the fund balance was restricted within the fund. The fund balance represents 264 percent of the total Capital Improvement fund expenditures and transfers out. The fund balance of the Capital Improvement fund increased by \$2,055,797 from 2022 to 2023. The fund balance increased for 2023 because of an increase in Sales Tax Revenue.

Key factors in this change are as follows:

The increase in sales taxes for 2023 was due to a healthy economy coupled with inflation driving those collections higher. Our petrochemical industry continues to see increased economic gains and construction. Industry expansions and capital improvements during 2023 continued. We still have a healthy retail sales tax base, but our collections are mainly reliant on the use tax collections. We expect sales tax to increase during 2024.

We reported a \$2,966,799 fund balance in debt service for the retirement of all debt associated with the 2016 revenue bond refunding, the 2021 Parks and Recreation Revenue Bonds and the 2022 DHH loan refunding bond at December 31, 2023. This number has increased slightly due an increase in sinking requirements during 2023.

Proprietary funds. The Iberville Parish Council's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the Utility Department (Natural Gas, Sewerage and Water) at the end of the year amounted to \$2,219,733. The total net position was \$21,786,523 for a total change decrease in net position for natural gas/water and sewer functions \$268,481. Rates were last modified during March of 2023 which has affected income in a positive nature.

General Fund - Budgetary Highlights

Differences between the original budget and the final amended budget were as follows:

- The General Fund total original budgeted and amended revenues and expenditures for the period ending December 31, 2023 were as follows:

	2023 Original	2023 Amended
Total Revenues	19,849,026	22,524,252
Total Expenditures	16,037,100	17,818,592
Total Other Financing Sources (Uses)	(916,868)	(2,176,868)

Expanded detail can be found on Schedule 1 of this report

The General Fund had the following significant budget variances between the final amended budget and actual revenues for 2023:

1. General Fund (general government) budgeted expenditures increased by \$1,781,492 from 2023 original to 2023 amended. This increase was due to an overall increase cost of goods and services.
2. Sales tax revenue were above 2023 projections because of favorable general economic conditions
3. Actual Ad Valorem Tax revenues were higher than the original budget because of an increase in Property values and a roll-off of 10 year property tax exemptions.

Capital Asset and Debt Administration

Capital assets

The Iberville Parish Council's capital assets for its governmental and business type activities as of December 31, 2023, amounts to \$180,528,367 (net of accumulated depreciation). These capital assets include land, buildings and system, improvements, roadways, infrastructure, machinery and equipment.

Major capital asset events during the current fiscal year included the following:

- The General Fund had \$246,800 in Capital Outlay expenditures on Iberville Courthouse security modifications (\$215,070) and Equipment purchases of (\$31,730.)
- Drainage Capital Outlay in the amount of \$1,499,744 were completed during 2023. As part of our continued capital improvement program Iberville Parish budgets for the most critical projects on an annual basis (\$693,742 during 2023). Drainage capital equipment was purchased at a total cost of \$806,002.
- The ARP water project will replace meters and improve lines within the East Iberville water system. Iberville expended \$788,899 on this project during 2023.

- During 2023, Iberville Parish improved various roads in the amount of \$2,444,708. This construction was completed with revenue from our Sales Tax Roads Special Revenue Fund. These improvements are funded annually based on a grading system that prioritizes road work based on road condition.
- Iberville completed various capital improvement projects including drainage, roads and park projects in the amount of \$3,583,818 during 2023. Included in this total were road projects totaling \$1,701,790, Kirtley Drive Water Main totaling \$420,058 and various park improvements totaling \$1,105,202.
- The Non-Major funds accounted for \$3,317,305 of capital expenditures for 2023. Some of those expenditures included, but were not limited to: Equipment purchases of \$513,930, Belleview Park Capital Improvements of \$733,151 and White Castle Canal dredging of \$1,605,366.

The items above accounted for \$11,634,474 of the \$12,356,465 (87 percent) total governmental fund capital outlay.

Additional information on the Iberville Parish Council's capital assets can be found in note 4, pages 52 - 54.

The Iberville Parish Council had total long-term debt outstanding of \$17,339,602 at the end of the current fiscal year. Total debt outstanding included \$424,602 of Capital Lease Debt and \$16,915,000 in revenue bonds for which the government is liable. The Iberville Parish Council's revenue bonds are insured, and consequently enjoy the highest rating possible.

Iberville Parish treats Capital Lease financing as another means of debt financing. Each capital lease is outfitted with a non-appropriations clause which allows for the termination of the lease should funds not be appropriated. Title transfers between lessor and lessee upon the last payment. Iberville has no leases that require special disclosure under GASB Statement 87.

State statutes limit the amount of general obligation debt that a governmental entity may issue to 10 percent of its total assessed valuation. The current debt limitation for the Iberville Parish Council is \$111,633,929, which is \$94,718,929 in excess of the Iberville Parish Council's outstanding general obligation debt.

Additional information on the Iberville Parish Council's long-term debt can be found in note 4, item F, and pages 56-58 of this report.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for Iberville Parish is currently 3.7%, which fell .01% from December 31, 2022.
- The parish is heavily dependent upon the taxes derived from the petrochemical industry. Iberville anticipates a 2% increase in Sales\Use tax generated mainly by the petrochemical industry for 2024 and a level out in 2025. Inflation is expected to drive sales tax collection up during 2024.
- Increased inflation during 2024 has once again placed a strain on Iberville's cost of doing business. Fuel cost has driven all contracts based on CPI. Due to recent Fed Fund rate leveling off, we do anticipate a continued increase in earnings on investments for 2024.
- Significant 10-year Property Tax Exemptions will continue to roll off over the next decade. This will increase the property tax base leading to increase property tax collections if the Parish Council chooses to roll millages forward to maximum rates allowed by law.

All of these factors were considered in preparing the Iberville Parish Council's budget for the 2023 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of the Iberville Parish Council's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the following:

Plaquemine, Louisiana

STATEMENT E

**Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
to the Statement of Activities**

For the Year Ended December 31, 2023

Amounts reported for governmental activities in the statement of activities (page 19) are different because:

Net Change in fund balances-Total governmental funds (page 21)	\$ 15,915,205
--	---------------

Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period:

Capital Outlay reported in Governmental Fund Statements	12,356,465
Depreciation Expense reported in the Statement of Activities	(8,289,403)
Net Book Value of Capital Assets Disposed (All assets were fully depreciated with no residual)	<u>-</u>
Amount by which capital outlays are greater than depreciation in the current period.	4,067,062

The liability and expense for compensated absences are not reported in governmental funds. Payments for compensated absences are reported as salaries when they occur. Only the payment consumes current financial resources, and it would take a catastrophic event for this liability to become a current liability.

(219,885)

Non-employer contributions to cost-sharing pension plan

(851,353)

Pension expense

99,360

Annual OPEB (Other Post Employment Benefit) Expense

(127,507)

Annual OPEB Insurance Expense

49,389

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

The amount of long-term debt proceeds in the current year	-
Bond premium amortization	88,164
The amount of long-term debt principal payments in the current year	<u>2,225,249</u>
	<u>\$ 2,313,413</u>

Change in net position of governmental activities (page 19)

\$ 21,245,684

NOTES TO FINANCIAL SECTION

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

INTRODUCTION

The Iberville Parish Council is the governing authority for Iberville Parish and is a political subdivision of the State of Louisiana. The citizens of Iberville Parish, on January 18, 1997, approved a Home Rule Charter, which created a President-Council form of government. The Louisiana Secretary of State certified the Home Rule Charter on January 21, 1997. A president, representing the parish as a whole and 13 councilmen representing their various districts within the parish govern the Iberville Council. Both the Parish President and Councilmen serve four-year terms.

Louisiana Revised Statute 33:1236 gives the Council various powers in regulating and directing the affairs of the parish and its inhabitants. The more notable of those are the power to make regulations for its own government; to regulate the construction and maintenance of roads, bridges, and drainage systems; to regulate the sale of alcoholic beverages; and to provide for the health and welfare of the poor, disadvantaged, and unemployed in the parish. Ad valorem and sales taxes, beer and alcoholic beverage permits, state revenue sharing, and various other state and federal grants provide funding to accomplish these tasks.

Iberville Parish covers an area of 637 square miles and has a population of 29,510 as of July of 2023. The Iberville Parish Council maintains 137 miles of roads, and 200 employees are employed full time by the Council.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

A. Reporting Entity

As the governing authority of the parish, for reporting purposes, the Iberville Parish Council is the financial reporting entity for Iberville Parish. The financial reporting entity consists of (a) the primary government (Council), (b) organizations for which the primary government is financially accountable and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Reporting Entity (Continued)

Governmental Accounting Standards Board (GASB) Statement No. 61, Iberville Parish Council: Omnibus, and Amendment of GASB Statement No. 14, established criteria for determining the governmental Iberville Parish Council and component units that should be included within the Iberville Parish Council.

These criteria include:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the Parish Council to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Iberville Parish Council.
2. Organizations for which the Parish Council does not appoint a voting majority, but are fiscally dependent on the Parish Council.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Parish Council has determined that the following component units are part of the reporting entity:

Blended Component Unit. The Iberville Parish blended component units serve the citizens of Iberville Parish and are governed by the Iberville Parish Council. The Iberville Parish Council approves the rates for user charges and bond issuance authorizations and the legal liability for the general obligation portion of the blended component unit's debt remains with the government. The Component Units below is governed substantively the same as the governing body of the primary government and there is a financial benefit and burden relationship between the primary government and the component unit.

<i>Blended Component Unit</i>	<i>Fiscal Year End</i>	<i>Criteria Used</i>
Iberville Parish Utility Department P.O. Box 99 Plaquemine, LA 70764	December 31, 2023	1 and 3
18 th Judicial District Criminal Court Fund P.O. Box 423 Plaquemine, LA 70764	December 31, 2023	3

<i>Blended Component Unit</i>	<i>Fiscal Year End</i>	<i>Criteria Used</i>
Iberville Parks and Recreation District P.O. Box 1060 Plaquemine, LA 70764	December 31, 2023	1 and 3

Discretely Presented Component Unit. The Iberville Parish discretely presented component units are responsible for serving the citizens of Iberville Parish within the government's jurisdiction. The members of the discretely presented component unit's governing board either are elected by the citizens of Iberville Parish or appointed by the Iberville Parish Council.

<i>Discretely Presented Component Unit</i>	<i>Fiscal Year End</i>	<i>Criteria Used</i>
Iberville Parish Library P.O. Box 736 Plaquemine, La 70764	December 31, 2023	1 and 3

Complete financial statements for each of the individual component units may be obtained at the entity's administrative offices.

The Parish Council, as the reporting entity, has chosen to issue financial statements of the primary government (Parish Council) only, except for the inclusion of the Iberville Parish Utility System, the Eighteenth Judicial District Criminal Court Fund, and the Iberville Parks and Recreation Fund whose accounting records are maintained by the Parish Council and are considered part of the primary government. The other previously listed component unit is included in the accompanying financial statements by discrete presentation only.

GASB Statement No. 61 provides for the issuance of primary government financial statements that are separate from those of the reporting entity. However, the primary government's (Parish Council) financial statements are not a substitute for the reporting entity's financial statements. The accompanying primary government financial statements have been prepared in conformity with generally accepted accounting principles as applied to governmental units. These financial statements are not intended to and do not report on the reporting entity but rather are intended to reflect only the financial statements of the primary government (Parish Council). Considered

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Reporting Entity (Continued)

in the determination of component units of the reporting entity were the Iberville Parish Sheriff, Clerk of Court, Assessor, School Board, the District Attorney for the Eighteenth Judicial District, and the various municipalities in the parish. It was determined that these governmental entities are not component units of the Iberville Parish Council reporting entity because they have separately elected governing bodies, are legally separate, and are fiscally independent of the Iberville Parish Council. A request for a separate financial statement for each component unit may be obtained by mail using the addresses above.

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the government's enterprise funds. Separate schedules are provided for governmental funds, proprietary funds, and fiduciary funds.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

B. Basis of Presentation - Fund Financial Statements

Iberville Parish uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain council functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

Governmental Funds. Governmental funds are used to account for all or most of the Parish Council's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition of construction or capital assets, and the servicing of debt. These funds use a modified accrual basis of accounting.

Governmental funds include the following:

The *general fund* is the general operating fund of the Parish Council and accounts for all financial resources except those required to be accounted for in other funds.

The *special revenue funds* account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. In addition, the General Fund of each component unit is reported as a special revenue fund.

The *debt service funds* account for transactions relating to resources retained and used for the payment of principal, interest, and related cost on long-term debt.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation - Fund Financial Statements (Continued)

The *capital project funds* account for financial resources received and used for the acquisition, construction or improvement of capital facilities not reported in the other governmental funds.

Proprietary Funds. *Proprietary funds* are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds differ from governmental funds in that their focus is on income measurement, which, together with the maintenance of equity, is an important financial indicator. Proprietary funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Proprietary funds include the following:

1. Enterprise funds account for operations (a) where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Fiduciary Funds. *Fiduciary funds* are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the Parish Council. Fiduciary funds include the following:

1. *Custodial funds* are used to account for assets that the Parish Council holds on behalf of others as their agent. Custodial funds are held only for safekeeping (assets equal liabilities) and use the economic resources measurement focus of results of operations; therefore, these funds use an accrual basis of accounting. Iberville Parish reports one custodial fund, the Sales Tax fund. Iberville Parish remits payments to other entities on behalf of the Sales Tax Agency.

The government-wide financial statements (i.e., the statement of the net position and the statement of activities) report information on all of the non-fiduciary activities of the Iberville Parish Council and its component units. For the most part, the effect of the inter-fund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *Iberville Parish Council* is reported separately from certain legally separate *component units* for which the Iberville Parish Council is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as, expenditures related to compensated absences, claims and judgments are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when the government receives cash.

Iberville Parish reports the following major governmental funds:

The *General fund* is the parish's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. This fund is supported by Sales and Property tax revenue.

The *Drainage Maintenance fund* is the parish's primary fund for maintenance of drainage facilities throughout the parish. This fund is supported by parish-wide property tax revenue.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The *Public Building Maintenance fund* accounts for operation and maintenance of all parish owned buildings through a 3 mill ad valorem tax.

The *Sales Tax Roads fund* is the parish's primary fund for maintenance and outlay of roads and bridges throughout the parish. This fund is supported by parish-wide sales tax revenue.

The *Solid Waste fund* is the parish's fund for garbage collection and disposal. This fund is supported by parish-wide sales tax revenue.

The *American Rescue Plan Act fund* accounts for revenues and expenditures relating to the passage of HR 1319 of the 117th Congress to address the continued impact of COVID-19 on the economy, public health, state and local governments, individuals and businesses.

The *Capital Improvement Fund* accounts for all capital expenditures in relation to general government. Those expenditures include infrastructure, equipment and buildings. This fund is supported by Sales Tax revenue.

The government reports the following major proprietary fund:

The *Utility Department fund* accounts for the sale of natural gas and water to customers within the Parish of Iberville.

Governments have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to the same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's utility department and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)**

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Utility Department Enterprise Fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is Iberville's policy to use restricted resources first, then unrestricted resources as they are needed.

Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when measurable and available. "Measurable" meaning the amount of the transaction can be determined and "available" meaning collectible within the current period or soon enough thereafter to pay liabilities of the current period.

The Iberville Parish Council considers all revenue available if collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when obligations are expected to be liquidated with expendable available financial resources. Compensated absences are reported in governmental funds only if they have matured. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual funds use the following practices in recording revenues and expenditures:

Revenues. Ad valorem taxes and the related state revenue sharing (which is based on population and homesteads in the parish) are recorded in the year the taxes are assessed. Ad valorem taxes are due on a calendar year basis, levied on November 15th of each year, and become delinquent on December 31st. The taxes are generally collected in December of the current year and January and February of the ensuing year.

Federal and state grants are recorded when the parish is entitled to the funds.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Interest income on time deposits are recorded when the time deposits have matured and the income is available.

Substantially all other revenues are recorded when received.

Expenditures. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for principal and interest on general long-term debt which are recognized when due and compensated absences which are recognized when paid. Encumbrances are not recorded in the accounting records since no material amounts exist at year-end.

Other Financing Sources (Uses). Transfers between funds, which are not expected to be repaid (and any other financing source/use) are accounted for as other financing sources (uses). Transfers are recorded when received or paid.

All proprietary funds are accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. The proprietary funds use the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred.

E. Assets, Liabilities, Deferred Outflows/Inflows and Net Position or Equity

Basis of Presentation

The accompanying financial statements of the Iberville Parish Council have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Deposits and Investments. Iberville Parish cash management pool has the general characteristic of a demand deposit account in that the governmental enterprise may deposit additional cash at any time and withdraw cash at any time without prior notice or penalty. Cash includes amounts in demand deposits, interest-bearing demand deposits, treasury bills and money market accounts. All Parish Council deposits are short-term and considered cash equivalents. Under state law, the Parish Council may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**E. Assets, Liabilities, Deferred Outflows/Inflows and Net Position or Equity
(Continued)**

Investments for Iberville Parish, as well as for its component units, are reported at fair value. The Louisiana Asset Management Pool (LAMP) operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Under state law, the Iberville Parish Council may invest in United States Bonds, treasury notes and/or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at fair value.

Receivables and Payables. Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/due from” (i.e., the current portion of inter-fund loans) or “advances to/from other funds” (i.e., the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business type activities are reported in the government-wide financial statements as “internal balances.”

Advances between funds, as reported in the fund financial statements, are offset by fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Restricted Assets. Customer deposits are classified as restricted. It is policy to maintain \$100,000 restricted cash in the General Fund.

Prepaid Items. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenses/expenditures when consumed rather than when purchased.

Deferred Outflows/Inflows of Resources. In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expenses/expenditures) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**E. Assets, Liabilities, Deferred Outflows/Inflows and Net Position or Equity
(Continued)**

Unearned Revenue. a liability that represents amounts received, but not yet earned. Voluntary nonexchange transactions that result from legislative or contractual agreements, or other than exchanges, entered into willingly by parties to the agreement. The obligation is recorded as a liability when received and revenue when earned.

Capital Assets. Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and estimated useful lives in excess of 1 year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, Plant and Equipment for the primary government, as well as the component units and enterprise funds are depreciated using the straight line method using the following useful lives:

<u>Asset Class</u>	<u>Governmental Funds</u>	<u>Enterprise Funds</u>
Buildings	40 Years	25-50 Years
Water/Gas/Sewerage Systems	N/A	05-50 Years
Furniture and Fixtures	5 Years	03-15 Years
Vehicles	5 Years	04-08 Years
Roadways and infrastructure	25 Years	N/A

Compensated Absences. Substantially all employees of the Parish Council earn from 10 to 20 days of vacation leave each year depending on their length of service. Vacation leave of up to 60 days may be accumulated. Upon resignation or retirement, employees are paid for accumulated vacation leave not to exceed 60 days. Substantially all employees of the Parish Council earn 10 days of sick leave each year. Sick leave can be accumulated without limitation.

Upon retirement, unused sick leave of up to 45 days is paid to the employee at the employee's current rate of pay. Sick leave in excess of 45 days is forfeited. All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. Most component units have adopted policies similar to the Parish Council or have no regular employees and no formal policies for vacation and sick leave.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**E. Assets, Liabilities, Deferred Outflows/Inflows and Net Position or Equity
(Continued)**

The cost of current leave privileges, computed in accordance with GASB Codification Section C60, is recognized as current-year expenditure in the governmental funds when leave is actually taken. The cost of leave privileges not requiring current resources is recorded as a long term liability. Leave privileges associated with employees of the proprietary funds are recorded as a fund liability and operating expenses on Statements A. Compensated Absences are reported in governmental funds only if matured.

Long Term Obligations. In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond issue costs are expensed under GASB 65. Bonds payable are reported net of applicable bond premium or discount.

In the fund financial statements, the governmental fund recognizes bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the statement of net position, the difference between a government's assets and liabilities is recorded as net position. The three components of net position are as follows:

Net Invested in Capital Assets. The amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt attributed to the acquisition, construction or improvement of the assets.

Restricted Net Position. These amounts are restricted by external creditors, grantors, contributors, laws or regulations of other governments.

Unrestricted Net Position. This amount is all net positions that do not meet the definition of "net invested in capital assets" or "restricted net position."

Fund Equity

Fund Balance Flow Assumptions. Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted,

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**E. Assets, Liabilities, Deferred Outflows/Inflows and Net Position or Equity
(Continued)**

committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policies. Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The Parish Council has by ordinance authorized the finance director to assign fund balance. The Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Capital Contributions

Capital contributions are recorded in proprietary funds that have received capital grants or contributions from developers, customers, or other funds when such resources are restricted for the acquisition or construction of capital assets.

Reserves

Reserves represent those portions of fund equity not available for expenditure or legally segregated for a specific future use.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Pension Plans

The Iberville Parish Council is a participating employer in a cost-sharing, multiple defined benefit pension plan as described in Note M. For purposes of measuring the pension liability/asset deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of each of the plans, and additions to/deductions from the plan's net fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments have been reported at fair value within the plan.

H. Other Items

Inter-fund Transactions

Inter-fund services are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursement to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

Sales Taxes

The Custodial Fund accounts for the collection and distribution of sales and use taxes for the Parish Council, Iberville Parish School Board, and various municipalities within the parish. The custodial fund is custodial in nature (assets equal liabilities) and uses the economic resources measurement focus.

The cost of collection is transferred to the General Fund of the Parish Council, and the remaining tax collections are remitted as follows:

Risk Management. Iberville Parish is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which Iberville Parish carries commercial insurance. Iberville Parish has established a limited risk management program for workers' compensation. Premiums are paid into the general fund by all other funds that provide salaries and fringe benefits and are available to pay claims, claim reserves and administrative costs of the program. These inter-fund premiums are used to reduce the amount of claims expenditure reported general fund. As of December 31, 2023, such inter-fund premiums did not exceed reimbursable expenditures. Insurance settlements have not exceeded insurance coverage for each of the last three years.

Use of Estimates. The preparation of financial statement in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, particularly given the significant social and economic disruptions and uncertainties associated with the ongoing COVID-19 pandemic and the COVID-19 control responses, and such differences may be material.

I. New Accounting Pronouncements Implemented

GASB Statement 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements: The primary object of this statement is to improve financial reporting by addressing issues related to theses arrangements. This statement is effective for reporting periods beginning after June 15, 2022. This Statement had no effect on the financial statements at December 31, 2023.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. New Accounting Pronouncements Implemented (Continued)

GASB Statement 96, Subscription-Based Information Technology Arrangements: This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangement for government end users. This Statement is effective for fiscal years beginning after June 15, 2022. This Statement had no effect on the financial statements at December 31, 2023.

Management is currently assessing the impact that the implementation of these pronouncements will have on the basic financial statements, if any.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statements of net positions

The governmental fund balance sheet includes reconciliation between *fund balance-total governmental funds* and *net position-governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term including bonds payable, are not due and payable in the current year and therefore are not reported in the funds.” The details of this difference are as follows:

As reported on Statement C, the total fund balance of the governmental funds reconciles to Statement A, Governmental Activities as follows:

Statement C Total Fund Balances	85,687,824
Measurement Focus adjustments:	
Capital assets	161,409,708
Current Portion of Compensated Absences	(328,628)
Current Portion of Long-term debt	(2,367,037)
Current Portion of Unamortized Bond Premium	(88,164)
Other post-employment benefits	(953,735)
Non-Current liabilities	
Compensated absences	(1,314,513)
Long term debt	(14,802,488)
Unamortized Bond Premium	(146,925)
Deferred outflow	5,960,325
Deferred inflow	(653,895)
Net Pension Liability	(4,104,038)
Statement A, Net position of governmental activities	<u>228,298,434</u>

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. Due to the relatively small size of our government, Statement E is a detailed reconciliation.

NOTE 3 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The Parish Council uses the following budgetary practices:

1. Budgets are prepared on a modified accrual basis of accounting using a current financial resources measurement focus. Revenues are recognized to the extent that they are measurable and available. Available revenues will be collected within 60 days of the end of the calendar year. Expenditures are recognized when measurable, generally when the liability is incurred, and will be liquidated with current resources.
2. The budgets were prepared using the following assumptions:
 - a. Sales taxes will continue at constant levels due to ongoing plant expansion. The sales tax distribution procedures will remain the same as in prior years.
 - b. Inventories will not be considered material at year-end.
 - c. The Council will:
 - i. Provide matching funds for projects funded through various federal and state grants; fund the loss reserves in the self-insurance program
 - ii. Account for federal grants in special revenue funds or capital improvement funds.
3. The 2023 proposed budget was presented to the Parish Council for consideration on October 18, 2022. The Parish Council authorized a public hearing as required by Louisiana Revised Statute 39:1306.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 3 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Information (Continued)

4. A notice of the availability of the 2023 budget for public inspection was published in the parish's official journal. At the same time a summary of the proposed budget was published with a notice of the public hearing to be held on the budget on November 15, 2022. The Parish Council adopted the budget on November 15, 2022.
5. Appropriations, which are not approved by the Parish Council for carryover to the next fiscal year, lapse December 31st. During the budget year, the Treasurer (or his designate) is authorized to make changes within a functional category provided the total budgeted for that category is not exceeded.

The only exception is:

1. Budget Revenue and Expenditures include other sources and uses in the General Fund and Special Revenue Funds

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All Capital Project Funds adopt project-length budgets. All unencumbered annual budget amounts lapse at fiscal year-end. On or before the last Tuesday in August of each year, all agencies of the government submit requests for appropriations to the Finance Department so that a budget may be prepared. We do not legally adopt a budget for the Drug Court Special Revenue Fund.

Before November 1st, the Executive Department submits the proposed budget to the Parish Council for review. The council holds public hearings and a final budget must be prepared and adopted no later than December 31st.

The appropriated budget is prepared by fund, function, and department. The president may transfer part or all of any unencumbered appropriations within programs (funds), except that no transfer shall be made to or from the salary accounts unless approved by the Council by ordinance. Transfers of appropriations between programs require the approval of the governing council. The legal levels of budgetary control are the "salaries and benefits" and "other program expenditures" program levels.

The governing council amended the 2023 budget on November 21, 2023 to both increase and decrease several line items. The most notable increases and decreases were the following:

- The General Fund Utility Department Transfer expenditure was amended up by \$1,250,000 for deferred maintenance capital improvements.
- The Drainage Construction in Progress Fund expenditures were amended up by \$500,000 for the improvement of drainage throughout the parish.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 3 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Information (Continued)

- The Public Building Maintenance Building and Systems Fund expenditures were amended up by \$145,000 for improvements to the Multipurpose Center, Maringouin Substation and Civic Center.
- The Sales Tax Roads Infrastructure other than Buildings expenditures were amended up by \$1,600,000 for roadway improvements throughout the parish.
- The American Rescue Plan Act Infrastructure expenditures were amended up by \$883,332 for the expansion of advanced meter reading systems in East Iberville and the improvements of the Sewer system.
- The Disaster Relief Fund expenditures were amended down by \$109,534 due to no emergency disasters events in 2023.
- The Capital Improvement Fund was decreased by \$1,740,144 due to the timing of on-going projects.

Iberville Parish does not consider adjustments under \$50,000 material.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are reported as reservations of fund balance and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

All budget comparisons included in the required supplementary information use a budgetary basis that is the same as GAAP.

B. Other Information

Ad Valorem Taxes

The parish levies ad valorem taxes on real property as on November 15th of each year to finance the budget for the following year. The tax is due and becomes an enforceable lien on the property on the first day of the month following the filing of the tax rolls by the assessor with the Louisiana Tax Commission (December 1st). The tax is delinquent 30 days after its due date.

<u>Parish-wide taxes</u>	<i>Authorized</i>	<i>Levied</i>
Parish Tax (Outside Municipalities)	2.49	2.49
Parish Tax (Inside Municipalities)	1.24	1.24
Public Building Maintenance	3.00	3.00
Library	4.00	4.00
Drainage Capital Improvements	5.00	4.00
Recreation	3.00	3.00

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 3 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

B. Other Information (Continued)

District Taxes:

Fire District No. 1	3.95	3.95
Fire District No. 2	6.78	6.78

Under provisions of Article VII of the Louisiana Constitution of 1974, all property within a parish is to be reassessed for ad valorem tax purposes every four (4) years. The Assessor is scheduled for a re-assessment during 2025.

In 1991, the addition of the parish assessor's millage resulted in a "roll back" of the ad valorem taxes to merge this millage into the current assessments.

The Iberville Parish Council adopted all Ad Valorem Taxes within the maximum rates allowed by law for fiscal year 2023.

NOTE 4 – DETAILED NOTES ON ALL FUNDS

A. Deposits and Cash Investments

Deposits

For purposes of the statement of cash flows, the Enterprise Fund considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

At year-end, the Iberville Parish Council's (including Custodial Funds) carrying amount of deposits was \$81,600,579 and the bank balance was \$82,937,392. Of the bank balance, \$82,937,392 was covered by federal depository insurance and by collateral pledged to the parish, held by the bank (GASB Category 1). At year-end, the total parish-wide collateral pledged was \$94,719,302.

The carrying amount of deposits for Iberville Parish Library, a discretely presented component unit, was \$2,438,270 and the bank balance was \$2,522,167. Of the bank balance, \$2,522,167 was covered by federal depository insurance or collateral held by the entity's agent in Iberville Parish Library's name.

Cash Equivalents (near cash investments) are categorized into these three categories of credit risk:

- (1) Insured or registered, or securities held by government or its agent in Iberville Parish's name.
- (2) Uninsured and unregistered, with securities held by the counter-party, or by its trust department or agent in Iberville Parish's name.
- (3) Uninsured and unregistered, with securities held by the counter-party, or by its trust department or agent but not in Iberville Parish's name.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Cash Investments (Continued)

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The fair value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging bank in a custodial bank that is mutually acceptable to both parties.

Investments

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA –R.S. 33:2955.

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA – R.S. 33:2955.

GASB Statement No. 40, Deposit and Investment Risk Disclosure, requires disclosure of credit risk, custodial credit risk, concentration of credit risk interest rate, and foreign currency risk for all public entity investments.

LAMP is an investment pool that, to the extent practical, invest in a manner consistent with GASB Statement No. 79. The following facts are relevant for investment pools:

- Credit risk: LAMP is rated AAA by Standard & Poor's.
- Custodial credit risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- Concentration of credit risk: Pooled investments are excluded from the 5 percent disclosure requirement.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Cash Investments (Continued)

- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM for LAMP's total investments is 70 days (from LAMP's monthly Portfolio Holdings) as of 12/31/23.
- Foreign currency risk: Not applicable to 2a7-like pools.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

If you have any questions, please feel free to contact LAMP administrative office at 800-249-5267.

Note: This disclosure is effective for periods ending after April 10, 2017 – the date LAMP amended its invested policy.

As of December 31, 2023, the Parish had the following investments.

<u>Investment</u>	<u>Department</u>	<u>Maturities</u>	<u>Fair Value</u>	<u>Carrying Amount</u>
Louisiana Asset Management Pool	Parks and Recreation	Less than one year	\$ 267,860	\$ 267,860
Total Investments, December 31, 2023			<u>\$ 267,860</u>	<u>\$ 267,860</u>

Fair Value of Deposits and Investments – Deposits and investments are reported at fair value. At December 31, 2023, the fair value of Parish's deposits and investments approximated original cost, therefore no fair value adjustments were necessary.

Determining Fair Value – Fair value of the Parish's deposits and investments are determined as follows:

- i. Deposits and Investments with stated interest rates (savings account and certificated of deposits) are stated at cost,
- ii. U.S. Treasury bills/notes are stated as amortized cost, and
- iii. Louisiana Asset Management Pool, Inc. fair value is determined by the Pool's investment board based on published market quotations.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Cash Investments (Continued)

Investment Pool Information – Participation in Louisiana Asset Management Pool, Inc. is voluntary. The Pool's regulatory oversight is provided by the state statutes and its investment board. The fair value of the Parish's position in the Pool is the same as the value of the Pool shares. At December 31, 2023, the Pool's fair value was 100 percent of book value.

Even though the pledged securities are considered collateralized (Category 1) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Parish Council that the fiscal agent has failed to pay deposited funds upon demand.

B. Receivables

Receivables as of the year end for the government's individual major and non-major funds in the aggregate, including applicable allowances for uncollectible accounts, are as follows:

B. Receivables (Continued)

The Iberville Utility Department customer receivables include amounts due from customers for the use of utilities. All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts. The estimated amount is based on billings during the month following the close of the year. Customer accounts receivable of \$867,271 is reported net allowances for uncollectible accounts for the year ended December 31, 2023.

C. Capital Assets

Capital asset activity for the year ended December 31, 2023 was as follows:

Primary Government-Governmental Activities:

	<u>Land</u>	<u>Construction In Progress</u>	<u>Buildings and Improvements</u>	<u>Infrastructure</u>	<u>Furniture and Equipment</u>	<u>Total</u>

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

C. Capital Assets (Continued)

Amounts above are presented on the Statement of Net Position and Statement of Activities.
(Statements A and B respectively)

D. Inter-Fund transfers

Inter-fund Transfers:

<u>Transfers In</u>			
Transfers Out:	Utility Fund	Non-major Governmental	Total
General Fund	\$ 1,250,000	\$ 935,569	\$ 2,185,569
Capital Improvement		571,951	\$ 571,951
Non-major Governmental	<u>-</u>	<u>300,000</u>	<u>\$ 300,000</u>
Total Transfers In	<u>\$ 1,250,000</u>	<u>\$ 1,807,520</u>	<u>\$ 3,057,520</u>

The principal purpose of the above inter-fund transfers from the General Fund is to account for unrestricted funds transferred to several non-major funds to supplement revenues for ongoing operations.

The principal purpose of the non-major fund transfers from the capital improvement and General Funds was to supplement capital improvements and operations in each fund.

The principal purpose of the Capital Improvement Fund transfers to the non-major capital improvement funds was to supplement several smaller capital outlay projects.

E. Leases

During 2023 the Parish Council did not enter into any capital lease purchase agreements with fiscal funding clauses. Iberville Parish treats capital leases as alternative means of financing. Title to the equipment purchased under the lease agreement transfers to Iberville Parish when the lease is paid. In June 2017, the Governmental Accounting Standards Board (GASB) issued statement 87, Leases. In May 2020, the GASB issued Statement No. 95 which changed the effective date for Statement No 87 to fiscal years beginning after June 15, 2021. This Statement increases the usefulness of government's financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as inflows of resources or outflows of resources based on the foundational principle that leases are financings of the right to use an underlying asset. The study of the Iberville Parish Council's leases showed that none met the definition of a lease subject to GASB Statement No. 87; therefore, the implementation of this standard did not require any changes to the Iberville Parish Council's financial reporting.

G. Flow of Funds – 2015 DHH Water Revolving Fund

In order that the principal of and the interest on the Bonds will be paid in accordance with their terms and for the other objects and purposes hereinafter provided, the Issuer covenants as follows:

In compliance with the Tax Ordinance, all of the Net Revenues of the Tax shall be deposited daily as the same may be collected in the separate and special bank account maintained with the regularly designated fiscal agent of the Issuer, hereby designated as the "Sales Tax Fund-2015" (hereinafter called the "Sales Tax Fund"). The Sales Tax Fund constitutes a dedicated fund of the Issuer, from which appropriations and expenditures by the Issuer shall be made solely for the payment of the Bonds and the purposes designated in the proposition authorizing the levy of the Tax.

Out of the funds on deposit in the Sales Tax Fund, the Issuer shall first pay all reasonable and necessary costs and expenses of collecting and administering the Tax. After payment of such expenses, the Net Revenues of the Tax shall be used in the following order of priority and for the following express purposes:

- (a) The establishment and maintenance of the "Sales Tax Bond Sinking Fund - 2015" (hereinafter called the "Sinking Fund") pay promptly and fully the principal of and the interest on the Bonds herein authorized, including any Additional Parity Bonds issued hereafter, as they severally become due and payable, by transferring from the Sales Tax Fund to the regularly designated fiscal agent of the Issuer, monthly in advance on or before the 20th day of each month of each year, a sum equal to one-sixth (1/6) of the interest and Administrative Fee, if any, falling due on the next Interest Payment Date and one-twelfth (1/12) of the principal falling due on the next principal payment date, together with such additional proportionate sum as may be required to pay

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

G. Flow of Funds – 2015 DHH Water Revolving Fund (Continued)

said principal, interest and Administrative Fee, if any, as the same respectively become due. Said fiscal agent shall transfer from the Sinking Fund to the paying agent bank or banks for all bonds payable from the Sinking Fund, at least one (1) day in advance of the date on which payment of principal, interest or Administrative Fee, if any, falls due, funds fully sufficient to pay promptly the amounts due on such date.

In the event that there are insufficient moneys in the Sinking Fund on any Interest Payment Date or Principal Payment Date to pay the principal, interest and/or Administrative Fee, if any, falling due on the Bonds or any Additional Parity Bonds on such date, the moneys that are available for such purposes in the Sinking Fund shall be allocated on a pro-rata basis among all such bonds, regardless of the amount of funds that are available for the benefit of any particular series of the Bonds or Additional Parity Bonds in any Reserve Account.

- (b) There is hereby established the "Sales Tax Bond Reserve Fund," which shall be maintained with the regularly designated fiscal agent bank of the Issuer and which will be used to satisfy the Reserve Fund Requirements for each series of Reserve Secured Bonds. The Reserve Fund will be segregated into one or more accounts as may be established in this Ordinance and in any Additional Parity Bond Ordinance in the future. Except as provided below, any Additional Parity Bonds that are issued as Reserve Secured Bonds may utilize an existing Reserve Account, provided in doing so, the Reserve Fund Requirement of the prior issue is met and satisfied.
- (c) There is hereby established and shall be maintained the "2015 Bonds Reserve Account" as a separate account in the Reserve Fund, which shall secure the Bonds. The 2015 Bonds Reserve Account shall be funded in an amount equal to the 2015 Bonds Reserve Fund Requirement by transferring funds monthly over a period of three (3) years into the 2015 Bonds Reserve Account from the Sales Tax Fund, after making the required payments into the Sinking Fund. It is expressly provided that the 2015 Bonds Reserve Account shall not secure any Additional Parity Bonds.

Amounts on deposit in the 2015 Bonds Reserve Account may be used solely for the purpose of curing deficiencies in the Sinking Fund for the payment when due of the principal of and interest on the Bonds. Except as set forth in any Additional Parity Bond Ordinances, amounts on deposit in other Reserve Accounts established in the future maybe used solely for the purpose of curing deficiencies in the Sinking Fund for the payment when due of the principal of, premium, if any, and interest on the Reserve Secured Bonds for which such account may be created. If funds on deposit in any Reserve Account exceed the Reserve Fund Requirement for that Reserve Account, the excess cash shall be deposited into the Sales Tax Fund and used as set forth herein.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

G. Flow of Funds – 2015 DHH Water Revolving Fund (Continued)

Each Reserve Account may be funded, in whole or in part, with cash, Qualified Investments, one or more Reserve Account Alternative Investments, or a combination thereof; provided, however, that the Issuer shall not deposit a Reserve Account Alternative Investment in the

2015 Bonds Reserve Account. Any Reserve Account Alternative Investment must provide for payment on any interest or principal payment date (provided adequate notice is given) on which a deficiency exists (or is expected to exist) in moneys held hereunder for payment of the principal of or premium or interest due on the Reserve Secured Bonds secured by such Reserve Account on such date.

If a disbursement is made from a Reserve Account, including a draw on a Reserve Account Alternative Investment as provided above, the Issuer shall be obligated to reinstate such Reserve Account(s) to the applicable Reserve Requirement(s) from the first revenues available pursuant to this Section after making the deposits required into the Sinking Fund. For purposes of this Section, amounts necessary to satisfy such reimbursement obligations of the Issuer to the provider of a Reserve Account Alternative Investment shall be deemed to be required deposits to the applicable Reserve Account and shall be applied to satisfy the obligations to the insurer. If draws are made from more than one Reserve Account, the Issuer shall make payments required by this paragraph on a pro rata basis.

Moneys in the foregoing funds shall be held in cash or invested in Qualified Investments as directed by the Issuer. All income derived from such Qualified Investments shall be added to the such fund, and such investments shall, to the extent at any time necessary, be liquidated and the proceeds thereof applied to the purposes for which the such fund was created.

All moneys remaining in the Sales Tax Fund on the 20th day of each month after paying (i) all reasonable and necessary costs and expenses of collecting and administering the Tax, and (ii) the required payments into the Sinking Fund and Reserve Fund for the current month and for prior months during which the required payments may not have been made, shall be considered as surplus. Such surplus may be used by the Issuer for any of the purposes permitted pursuant to the proposition authorizing the levy of the Tax.

The Sales Tax Fund, the Sinking Fund and the Reserve Fund provided for in this Section shall all be and constitute trust funds for the purposes provided in this Ordinance, and the Owners of the Bonds and any Additional Parity Bonds (as applicable, with respect to the various Reserve Accounts) are granted a lien on all such funds until applied in the manner provided herein. The moneys in such funds shall at all times be secured to the full extent thereof by the bank or trust company holding such funds in the manner required by the laws of the State of Louisiana.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

H. Compensated Absences

At December 31, 2023, employees of the Parish Council governmental funds and relative governmental component units have accumulated and vested \$1,951,237 (Primary government – \$1,643,141 and Iberville Library - \$308,096) of employee leave benefits, which was computed in accordance with GASB Codification Section C60. The leave liability for employees of the Enterprise Funds is accounted for within the funds. The following funds are used to liquidate leave liability: General Fund, Emergency Preparedness, Drainage Maintenance, Substance Abuse, Visitor Enterprise, Public Building Maintenance, Sales Tax Roads, Solid Waste, Emergency 911, and Social Services.

I. Ochsner Professional Services Agreement

On January 1, 2015 Iberville Parish entered into a professional service agreement with Ochsner to manage the newly constructed Iberville Medical Facility. This facility was funded through the State of Louisiana Hurricane Gustav disaster recovery funds. This agreement provides Ochsner pay monthly rent in the amount of \$159,093. The contract also allowed for a sub-lease credit of \$2,626 per month.

The agreement also provides for an indigent care credit based on a patient's lack of health insurance, Medicare or Medicaid. Those patients must be under 100% of the Federal gross poverty level to receive such assistance. This indigent care credit amounted to \$49,493 for the year ended 2023.

The Agreement was signed for 10 years with an option to renew once the 10-year period is expired.

J. Pelican Waste Service Agreement

The Parish Council has an operating agreement with Pelican Waste, Inc. to perform the work required to collect and dispose of all residential solid waste in all of Iberville Parish for the (Consumer Price Indexed) cost of \$198,046 per month for a 4 year period beginning January 1, 2023 and ending December 31, 2023. The cost for the calendar year 2023 was \$14.93 per household for residential solid waste service with a total of 13,265 households. The minimal annual requirements under the 2023 non-cancelable agreement are \$2,376,557 per year or \$14.93 per household per month.

Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

L. Litigation

At December 31, 2023 the Parish Council is involved in litigation, which is covered by insurance. According to legal counsel, the litigation should not cause a loss to the Parish Council. Consequently, in accordance with the criteria for accrual under GASB Codification Section C50 and SFAS 5, no amount is accrued in this report.

M. Pension Plan

Plan Description

Substantially all employees of the Iberville Parish Council (general government and business-type activities) and the other parish component unit are members of the Parochial Employees' Retirement System of Louisiana (System), a multiple-employer (cost-sharing) public employee retirement system (PERS), controlled and administered by a separate board of trustees. The System was established and provided for by R.S. 11:1901 of the Louisiana Revised Statute. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All Parish Council and component unit employees eligible for participation are members of Plan A.

The System provides retirement benefits of taxing districts of a parish or any branch or section of a parish within the State which does not have their own retirement system and which elects to become members of the System. The System issued a stand-alone audit report on its financial statements for the year ended December 31, 2022. Access to the audit report can be found on the System's website: www.persla.org or on the Office of Louisiana Legislative Auditor's official website: www.la.state.la.us.

Retirement Benefits:

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Any age with thirty (30) or more years of creditable service.
2. Age 55 with twenty-five (25) years of creditable service.
3. Age 60 with a minimum of ten (10) years of creditable service.
4. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

1. Age 55 with 30 years of service.
2. Age 62 with 10 years of service.
3. Age 67 with 7 years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

M. Pension Plan (Continued)

Survivor Benefits:

Upon the death of any member of Plan A with five (5) or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children, as outlined by the statutes.

Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an Automatic Option 2 benefit, as outlined in the statutes.

A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

Deferred Retirement Option Plan:

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement. In lieu of terminating employment and accepting a service retirement, any member of Plan A or B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for three years and defer the receipt of the benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account. Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in DROP will be placed in liquid asset money market investments at the discretion of the Board of Trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts. The participant in the self-directed portion of DROP must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of DROP are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

M. Pension Plan (Continued)

Disability Benefits:

For Plan A, a member shall be eligible to retire and received a disability benefit if they were hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to three percent of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or three percent multiplied by years of service assuming continued service to age sixty for those members who are enrolled prior to January 1, 2007 and to age 62 for those members who are enrolled January 1, 2007 and later.

Cost of Living Increases:

The Board is authorized to provide a cost of living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age sixty-five equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 or older (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

Employer Contributions:

According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2022, actuarially determined rate was 7.10% of member's compensation for Plan A. However, the actual rate for the fiscal year ending December 31, 2022 was 11.50% for Plan A.

According to state statute, the System also receives $\frac{1}{4}$ of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Under Plan A, members are required by state statute to contribute 9.5% of their annual covered salary and the Iberville Parish Council is required to contribute an actuarially determined rate. The rate for January 1, 2023 through December 31, 2023 was 11.50% of annual covered payroll. The contribution requirements of plan members and the Iberville Parish Council are established

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

M. Pension Plan (Continued)

and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to changes each year based on the results of the valuation for the prior year. The Iberville Parish Council's (governmental activities and business-type activities) contributions to the System under Plan A for the years ended December 31, 2023, 2022, and 2021, were \$1,068,024, \$984,206, and \$952,181, respectively. The Iberville Parish Library (a component unit) contributions to the System under Plan A for the years ended December 31, 2023, 2022, and 2021, were \$142,999, \$138,076, and \$142,339, respectively.

Pension Liability, Pension Expense, and Deferred Outflows and Resources and Deferred Inflows of Resources:

At December 31, 2023, the Iberville Parish Council (governmental activities) reported a liability of \$4,104,038 for its proportionate share of the net pension liability, Iberville Parish Council (business-type activities) reported a liability of \$758,566 for its proportionate share of the net pension liability, and the Iberville Parish Library (a component unit) reported an liability of \$681,190 for its proportionate share of the net pension liability. The net pension liability for all units was measured as of December 31, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation of that date. The proportion of the net pension liability was based on a projection of the Council's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At December 31, 2022, the Iberville Parish Council's (governmental activities and business-type activities) proportion total was 1.263411%, which was an increase of 0.051699% from its proportion measured as of December 31, 2021 and the Iberville Parish Library's (a component unit) proportion total was 0.176988%, which was an increase of 0.003804% from its proportion measured as of December 31, 2021.

For the year ended December 31, 2023, the Iberville Parish Council (governmental activities and business-type activities) recognized a net pension expense of \$2,090,819, less employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, (\$20,101). The Iberville Parish Library (a component unit) recognized a net pension expense of \$288,000, less employer's amortization of change in

proportionate share and differences between employer contributions and proportionate share of contributions, (\$42).

At December 31, 2023, the Iberville Parish Council (governmental activities and business-type activities) and Iberville Parish Library (a component unit) reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

M. Pension Plan (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year	Primary Government		Total Primary Government	Component Unit
	Governmental Activities	Business-Type Activities		Iberville Parish Library
2024	\$ 121,842	\$ 22,521	\$ 144,363	\$ 19,334
2025	700,220	129,425	829,645	113,018
2026	1,373,807	253,926	1,627,733	228,782
2027	1,942,259	358,996	2,301,255	322,381
	<u>\$ 4,138,128</u>	<u>\$ 764,868</u>	<u>\$ 4,902,996</u>	<u>\$ 683,515</u>

Actuarial Assumptions:

A summary of actuarial methods and assumptions used in determining the total net pension liability as of December 31, 2022 is as follows:

Valuation Date	December 31, 2022
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Expected Remaining Service Lives	4 years
Investment Rate of Return	6.40%, net of investment expense, including inflation
Projected Salary Increases	4.75%
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increase not yet authorized by the Board of Trustees.

Mortality

Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2018 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2018 scale. Pub-2010 Public Retirement Plans Mortality table for General Disabled retirees multiplied by 130% for males and 125% for females using MP2018 scale for disabled annuitants.

Inflation Rate

2.30%

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

M. Pension Plan (Continued)

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the capital asset pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.10% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.70% for the year ended December 31, 2022.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2022 are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Portfolio Real Rate of Return
Fixed Income	33%	1.17%
Equity	51%	3.58%
Alternatives	14%	0.73%
Real Assets	2%	0.12%
Totals	100%	5.60%
Inflation		2.10%
Expected Arithmetic Nominal Return		7.70%

Mortality Rate:

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2013 through December 31, 2017. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scales. For Disabled annuitants, mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale.

Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

M. Pension Plan (Continued)

Discount Rate:

The discount rate used to measure the total pension liability was 6.40% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:

The following table represents the Iberville Parish Council's (governmental activities and business-type activities) and Iberville Parish Library's (a component unit) proportionate share of the net pension liability/(asset) (NPL) using the discount rate as well as the proportionate share of the NPL would be if it were calculated using the discount rate that is one percentage-point lower or one percentage higher than the current rate:

N. Postemployment healthcare and life insurance benefits

The Iberville Parish Council provides retired employees with the opportunity to continue their health care and life insurance benefits. The retirees who have not reached age 65 may receive their health insurance at half cost for a maximum of five (5) years or until they reach age 65.

Other retirees have the option of continuing this coverage at their own cost. Life insurance is provided at the option of retirees at their own cost. The cost to the Parish Council at this time is inconsequential and is funded on a pay-as-you-go basis.

General Information about the OPEB Plan

Plan description – The Iberville Parish Council (the Council) provides certain continuing health care and life insurance benefits for its retired employees. The Iberville Parish Council's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the Council. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Council. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB).

Benefits Provided – Medical benefits are provided through comprehensive plans and are made available to employees upon actual retirement. Employees are covered by Plan A of the Parochial Employees' Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service. For employees hired on and after January 1, 2007 retirement eligibility (D.R.O.P. entry) provisions are as follows: age 55 and 30 years of service; age 62 and 10 years of service; or, age 67 and 7 years of service.

Life insurance coverage is not provided to retirees.

Parish Council

Employees covered by benefit terms – As of the measurement date December 31, 2023, the following employees were covered by the benefit terms:

Total OPEB Liability

The Council's total OPEB liability of \$953,735 was measured as of December 31, 2023, the end of the fiscal year.

Actuarial Assumptions and other inputs – The total OPEB liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.0%
Salary increases	4.75%, including inflation 3.72% annually (Beginning of Year to Determine ADC) 3.26%, annually (As of End of Year Measurement Date)
Healthcare cost trend rates	Getzen Model, with an initial trend of 5.5%
Mortality	PubG.H-2010

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of December 31, 2023, the end of the applicable measurement period.

The actuarial assumptions used in the December 31, 2023 valuation were based on the results of ongoing evaluations of the assumptions from January 1, 2009 to December 31, 2023.

Changes in the Total OPEB Liability

Iberville Library

General Information about the OPEB Plan

Plan description – The Iberville Parish Library (the Library) provides certain continuing health care and life insurance benefits for its retired employees. The Iberville Parish Library’s OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the Library. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Library. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB).

Benefits Provided – Medical benefits are provided through a comprehensive plan and are made available to employees upon actual retirement.

Employees are covered by the Parochial Employees' Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service. For employees hired on and after January 1, 2007 retirement eligibility (D.R.O.P. entry) provisions are as follows: age 55 and 30 years of service; age 62 and 10 years of service; or, age 67 and 7 years of service.

Life insurance coverage is not provided to retirees.

Employees covered by benefit terms – As of the measurement date December 31, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	1
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	21
	<hr/>
	22
	<hr/> <hr/>

Total OPEB Liability

The Library’s total OPEB liability is \$225,484 as of the measurement date December 31, 2023, the end of the fiscal year.

Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

N. Postemployment healthcare and life insurance benefits (Continued)

Actuarial Assumptions and other inputs – The total OPEB liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.0%
Salary increases	4.75%, including inflation
Discount rate	3.72% annually (Beginning of Year to Determine ADC)
	3.26%, annually (As of End of Year Measurement Date)
Healthcare cost trend rates	Getzen Model, with an initial trend of 5.5%
Mortality	PubG.H-2010

The discount rate was based on the Bond Buyers' 20 Year General Obligation municipal bond index as of December 31, 2023, the end of the applicable measurement period.

O. Other Post –Employment Benefits

The actuarial assumptions used in the December 31, 2023 valuation were based on the results of ongoing evaluations of the assumptions from January 1, 2009 to December 31, 2023.

Changes in the Total OPEB Liability

Balance at December 31, 2022	\$ 216,886
Changes for the year:	
Service cost	10,337
Interest	8,163
Differences between expected and actual experience	-
Changes in assumptions	5,816
Benefit payments and net transfers	(15,718)
Net changes	8,598
Balance at December 31, 2023	\$ 225,484

Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

O. Other Post –Employment Benefits (Continued)

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the Library, as well as what the Library's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.26%) or 1-percentage-point higher (4.26%) than the current discount rate:

	1.0% Decrease (2.26%)	Current Discount Rate (3.26%)	1.0% Increase (4.26%)
Total OPEB liability	\$ 238,585	\$ 225,484	\$ 213,031

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates – The following presents the total OPEB liability of the Library, as well as what the Library's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (4.5%) or 1-percentage-point higher (6.5%) than the current healthcare trend rates:

	1.0% Decrease (4.5%)	Current Trend (5.5%)	1.0% Increase (6.5%)
Total OPEB liability	\$ 204,556	\$ 225,484	\$ 250,563

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2023, the Library recognized OPEB expense of \$41,254. At December 31, 2023, the Library reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 55,160	\$ (20,104)
Changes in assumptions	79,943	(2,507)
Total	\$ 135,103	\$ (22,611)

P. Water Supply Commitments

The Iberville Parish Utility Department signed a wholesale water supply contract with Baton Rouge Water Company (BRWC) on December 16, 2019. The contract will be in effect until January 13, 2024. BRWC agrees to supply the entire water supply requirements of the water system, but not exceeding 1,650 gallon per minute or 2,300,000 gallons per day. The price per 1,000 gallons delivered will be adjusted by change in the Consumer Price Index as published by the U.S. Department of Labor. This rate is \$2.34 per 1,000 gallons delivered.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

P. Water Supply Commitments (Continued)

In addition, BRWC agrees to pay the Parish the sum of \$1,200 per year during the term of this agreement for water line lease.

The operations and maintenance agreement was signed on December 9, 2019 and is effective for four (4) years. BRWC agreed to undertake the operation and routine maintenance covering the Parish's supply, treatment, transmissions, distribution, storage and customer metering facilities. The Parish paid BRWC \$8.73 per active customer per month for the services provided by BRWC in the operations and maintenance agreement until September, 2023. Starting October thru December 31, 2023 the price decreased to 9.05 per active customer per month.

Q. American Rescue Plan Act

The American Rescue Plan Act (ARPA) established the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) to provide governments with the resources needed to respond to the pandemic. The Parish is required to spend these funds in accordance with applicable guidelines, with the funds required to be obligated by December 31, 2024, and expended by December 31, 2026.

R. New Accounting Pronouncements Not Yet Implemented

The statements which might impact the Parish Government are as follows:

GASB Statement No. 100, Accounting Changes and Error Corrections – This Statement establishes accounting and financial reporting requirements for (a) accounting changes and (b) the correction of an error in previously issued financial statements (error correction). This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. This Statement prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections. This Statement requires that (a) changes in accounting principles and error corrections be reported retroactively by restating prior periods, (b) changes to or within the financial reporting entity be reported by adjusting beginning balances of the current period, and (c) changes in accounting estimates be reported prospectively by recognizing the change in the current period. This Statement requires disclosure in notes to financial statements of descriptive information about accounting changes and error corrections, such as their nature. In addition, information about the quantitative effects on beginning balances of each accounting change and error correction should be disclosed by reporting unit in a tabular format to reconcile beginning balances as previously reported to beginning balances as restated. Furthermore, this Statement addresses how information that is affected by a change in accounting principle or error correction should be presented in required supplementary information (RSI) and supplementary information (SI). The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Notes to the Financial Statements
December 31, 2023

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

R. New Accounting Pronouncements Not Yet Implemented (Continued)

GASB Statement No. 101, Compensated Absences - The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter.

Management is currently assessing the impact that the implementation of these pronouncements will have on the basic financial statements, if any.

S. Subsequent Events

Subsequent events have been evaluated by management through June 24, 2024, the date the financial statements were available for issuance. No events were noted that require recording or disclosure in the financial statements for the year ending December 31, 2023.

The schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

SPECIAL REVENUE FUNDS

NON-MAJOR SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditures for specific purposes.

Bayou Goula Fire Department Fund accounts for the operation of the volunteer fire department in the Bayou Goula area. Financing is provided by a state two percent fire insurance rebate program, sales tax revenue and interest earnings.

Office of Emergency Preparedness Fund accounts for the public protection during emergencies. Financing is provided by pro-rata appropriations from municipalities within the parish, Parish Council and a federal matching grant for administrative costs from the Federal Emergency Management Agency.

Iberville Parks and Recreation District Fund was created by Act 557 of the 1983 Louisiana Legislature. The district provides capital improvements, maintenance, and operations of recreation programs parish wide. Major financing is provided by ad valorem taxes and interest earnings.

Opioid Abatement Fund addresses the public health crisis by escalating opioid misuse, opioid use disorder (OUD, and opioid-related overdose across the nation. States and territories are expected to use the resources to: (1) increase access to U.S. Food and Drug Administration (FDA) - approved medications for the treatment of opioid use disorder (MOUD); (2) support the continuum of prevention, harm reduction, treatment, and recovery support services for OUD and other concurrent substance use disorders; and (3) support the continuum of care for stimulant misuse and use disorders, including those involving cocaine and methamphetamine.

Criminal Court Fund accounts for fines and forfeitures of the district courts of the Eighteenth Judicial District, but only for that portion from Iberville Parish. Activities of the parishes of West Baton Rouge and Pointe Coupee are included in their respective reports. Expenditures are made from the fund on the motion of the District Attorney and approval of the District Judges.

NONMAJOR SPECIAL REVENUE FUNDS

(Continued)

Visitor's Enterprise Fund accounts for state funding dedicated to tourism in Iberville Parish.

President's Council on Drug Abuse Fund provides for the operations of the substance abuse clinic which provides counseling for parish residents. Financing is provided by grants and sales tax revenue

East Side Fire District No. 1 Fund accounts for the operations of the volunteer fire department in the eastern portion of the parish. Financing is provided by ad valorem taxes, the state two percent fire insurance rebate program, sales tax revenue and interest earnings.

White Castle Fire Department Fund accounts for the operation of the volunteer fire department in the White Castle area. Financing is provided by sales tax revenue grant and interest earnings.

Bayou Sorrel/Bayou Pigeon Consolidated Fire Department accounts for the operation of the volunteer fire department in the Bayou Sorrel and Bayou Pigeon area. Financing is provided by sales tax revenue grant and interest earnings.

Parish Transportation Fund accounts for the maintenance of all parish roads. Major financing is provided by the State of Louisiana Parish Transportation Fund and interest earnings.

Vehicle and Equipment Replacement Fund accounts for the sales taxes dedicated to the periodic replacement of Vehicles and Heavy Equipment.

Bayou Blue Fire District No. 2 Fund accounts for the operations of the volunteer fire department in portions of Ward 7 of the parish. Major financing is provided by ad valorem taxes, sales tax revenue and interest earnings.

Iberville Parish Medical Facility CDBG accounts for all funds distributed by the Federal Government by the U.S. Department of Housing and Urban Development pass through the State of Louisiana for the construction of a Medical Center in Plaquemine. This project is related to the recovery from Hurricane Gustav.

Community Services Block Grant Fund program accounts for federal funds that are used to reduce the causes and consequences of overtly within a community.

NONMAJOR SPECIAL REVENUE FUNDS

(Continued)

FEMA Swift HMGP Grant Fund provides funding to mitigate buildings insured through National Flood Insurance Program (NFIP) after major disaster declaration following a flood-related disaster event to reduce risk against future flood damage.

911 Telephone Assistance Fund accounts for the 911 telephone enhancement project. Major financing is provided by user fees assessed on residential telephone service.

Section 8 Housing Fund (the Lower-Income Housing Assistance Program) accounts for federal funds that are used to help low-income families obtain decent, safe, and sanitary housing through a system of rental subsidies.

Disaster Relief Fund accounts for monetary donations following hurricane Katrina and Rita for emergency disaster relief. This fund is used to purchase food, medication, and transportation, as well as any other emergency needs that may rise from any future disasters. This fund was used during 2008 to purchase basic needs such as ice and water following Hurricane Gustav. We expect 90% of the expenditures in this fund to be reimbursed by FEMA.

18th JDC Drug Court Fund accounts for operations of Eighteenth Judicial District Drug Court Funds to encourage abstinence and law-abiding behavior and reduce the recidivism of drug/alcohol offenders. This program is funded primarily by the Louisiana Supreme Court but also receives funds from charges for services.

CAPITAL PROJECT FUNDS

NON-MAJOR CAPITAL PROJECT FUNDS

Louisiana Community Development Block Grant (LCDBG Sewer Fund) used to account for construction cost of the sewerage projects throughout the Parish. Major financing for these projects is provided by federal grant revenue.

Parks and Recreation Capital Outlay Fund was created to account for the cost of the Parks and Recreation Master Plan project within the Parish of Iberville. Major financing for this project is provided by transfers from the General Fund, the Iberville Parks and Recreation District special revenue fund and proceeds from General long term loans.

CDBG Office of Community Development was created to account for CDBG funds to improve HVAC systems and flood mitigation. The projects are scheduled to begin during fiscal year 2022.

Industrial Park Fund used to account for future construction of infrastructure throughout a 100 acre industrial park donated to Iberville Parish by Dow Chemical Company. Capital improvements are financed through the sale of property.

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
Reconciliation of the Statement of Activities
to the Statement of Revenues and Expenses and Changes in Net Position
GOVERNMENTAL COMPONENT UNIT
For the Year Ended December 31, 2023

SCHEDULE 26

Amounts reported for governmental activities in the schedule of revenues, expenses and changes in net position are different because:

Net Change in fund balance - governmental component unit (Schedule 25)	\$ 1,783,089
Governmental funds report capital outlay as expenditures. However, in the statement of net position the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period	(50,984)
Non-employer contributions to cost-sharing pension plan	(144,603)
Pension expense	16,492
Annual OPEB (Other Post Employment Benefit) Expense	(41,254)
OPEB Insurance	15,718
The liability and expense for compensated absences are not reported in governmental funds. Payments for compensated absences are reported as salaries when they occur. Only the payment consumes current financial resources, and it would take a catastrophic event for this liability to become a current liability.	(28,489)
Change in net position of governmental component unit (Schedule 24)	<u>\$ 1,549,969</u>

SUPPLEMENTAL FINANCIAL INFO

IBERVILLE PARISH COUNCIL
Plaquemine, Louisiana
SUPPLEMENTAL INFORMATION SCHEDULES
As of and for the Year Ended December 31, 2023

NON-MAJOR FUNDS COMBINING SCHEDULES BY FUND TYPE

Schedules 27 and 28 show the combined balance sheet and combined statement of revenues, expenditures and changes in fund balance by non-major governmental fund type. These schedules carry forward to Statement A and Statement B.

NON-MAJOR FUNDS BUDGET TO ACTUAL SCHEDULES

Schedules 29-A through 29-W, on a Non-GAAP budgetary basis, all non-major special revenue funds and debt service funds budget to actual figures by legal level of budgetary control salaries and fringe benefits and other program expenditures.

COMPENSATION PAID COUNCILMEN

The schedule of compensation paid to the councilmen was prepared in accordance with House Concurrent Resolution No. 54 of the 1979 Session of the Legislature. Compensation paid to the councilmen is included in the legislative expenditures of the General Fund. In accordance with Louisiana Revised Statute 33:1233, the councilmen have elected the monthly method of compensation.

COMPENSATION PAID AGENCY HEAD

The compensation paid to the Parish President is provided by Act 706 of the 2014 Session of the Legislature which amends Louisiana Revised Statute (R.S.) 24:513 A. (3).

FEDERALLY ASSISTED PROGRAMS

In accordance with Uniform Guidance, a schedule of federal financial assistance is presented.

JUSTICE SYSTEM FUNDING SCHEDULES

Required by Act 87 of the 2020 regular legislative session.

**COLLECTIONS, DISTRIBUTIONS, AND COST OF COLLECTIONS
SCHEDULE (CASH BASIS)**

Act 669 of the 2022 Regular Legislative Session enacted R.S. 47:337.14.1 which requires a uniform reporting schedule for audit reports for all entities that serve as the single sales and use tax collector for all taxing authorities within a parish that are compensated based on the cost of collection (Collectors) that requires the reporting of information to provide a more complete and accurate understanding of how local sales and use taxes are collected and disbursed to local taxing authorities and the actual cost of collecting local sales and use taxes by Collectors.

**OTHER REPORTS REQUIRED BY GOVERNMENTAL AUDITING
STANDARDS AND UNIFORM GUIDANCE**

Exhibits A-D are required reports by Governmental Auditing Standards and Uniform Guidance.

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Iberville Parish Council and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the general purpose financial statements.

Note 2. Uniform Guidance

Iberville Parish Council has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 3. American Rescue Pan Act

The American Rescue Plan Act (ARPA) established the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) to provide governments with the resources needed to respond to the pandemic. The Parish is required to spend these funds in accordance with applicable guidelines, with the funds required to be obligated by December 31, 2024, and expended by December 31, 2026. As of the year end December 31, 2023, only \$788,899 received by the component unit has been expended. The Parish expect to receive a second tranche payment under ARPA.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Iberville Parish Council as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Iberville Parish Council's basic financial statements and have issued our report thereon dated June 24, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Iberville Parish Council's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Iberville Parish Council's internal control. Accordingly, we do not express an opinion on the effectiveness of Iberville Parish Council's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(continued)**

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Iberville Parish Council's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2023-001.

Iberville Parish Council's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Iberville Parish Council's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Iberville Parish Council's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Iberville Parish Council's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Iberville Parish Council's major federal programs for the year ended December 31, 2023. Iberville Parish Council's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Iberville Parish Council complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Iberville Parish Council and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Iberville Parish Council's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Iberville Parish Council's federal programs.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM
GUIDANCE (cont.)**

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Iberville Parish Council's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Iberville Parish Council's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Iberville Parish Council's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Iberville Parish Council's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Iberville Parish Council's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM
GUIDANCE (cont.)**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

IBERVILLE PARISH COUNCIL
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED DECEMBER 31, 2023

B. FINDINGS – FINANCIAL STATEMENT AUDIT

2023-001 BUDGET

Condition:

In the American Rescue Plan Fund, budgeted revenues exceeded actual revenues by 18% and the Solid Waste actual expenditures exceeded budgeted expenditures by 16%. This is a repeat finding.

Criteria:

Louisiana Revised Statute 39:1310 requires that budgets be adopted for General and Special Revenue Funds and their amendments be made and properly adopted when variances to budget amounts are in excess of five (5) percent.

Cause:

The condition is a result of failure to properly monitor the revenues and expenditures of the Parish.

Effect:

The Parish may not prevent and/or detect compliance violations due to revenue falling short to budgeted amounts, over expenditure of the appropriated budget and/or errors or irregularities on a timely basis.

Recommendation:

We recommend that management implement procedures to monitor budget to actual comparisons and amend budgets as necessary to comply with the Louisiana Local Government Budget Act.

Management's Corrective Action Plan:

The American Rescue Plan Fund Budget is difficult to estimate because the funds were transmitted to the Parish in advance and Revenue is recognized when expended. We had invoices paid after the amended budget had already been presented in October of 2024.

The Solid Waste Fund was over budget because of an increase in fuel, vehicle maintenance and overtime in relation to our boom truck service. Management will continue to implement measures that anticipate expenditures so that the budget expenditures do not exceed expectations. These measures will include but will not be limited to analyzing programmatic changes and inflationary cost expectations so that these amendments to the budget are appropriately included on a timely basis.

C. FINDINGS – FEDERAL PROGRAM FINDINGS

There were no findings or questioned costs for the year ended December 31, 2023.

**IBERVILLE PARISH COUNCIL
SCHEDULE OF PRIOR FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED DECEMBER 31, 2023**

FINDINGS – FINANCIAL STATEMENT AUDIT

2022-001 BUDGET

Condition:

In the American Rescue Plan Fund ,budgeted revenues exceeded actual revenues by 16%. This a is a repeat finding.

Recommendation:

We recommend that management implement procedures to monitor budget to actual comparisons and amend budgets as necessary to comply with the Louisiana Local Government Budget Act.

Current Status:

Budget variances greater than 5% are noted in the 12-31-2023 year end.

Margaret A. Pritchard, CPA/CGMA

Staci H. Jeffrion, CPA/CGMA

Hugh F. Baxley, CPA/CGMA – Retired

To the Honorable Chris Daigle, President
and the Councilmen/Councilwomen of the Iberville Parish Council
and the Louisiana Legislative Auditor's

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2023, through December 31, 2023. The Iberville Parish Council's management is responsible for those C/C areas identified in the SAUPs.

The Iberville Parish Council has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2023 through December 31, 2023. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

1) *Written Policies and Procedures*

- A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
- i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
 - ii. **Purchasing**, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.
 - iii. **Disbursements**, including processing, reviewing, and approving.
 - iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the

completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Exceptions: No exceptions were noted.

2) **Board or Finance Committee**

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and
- i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - ii. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
 - iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
 - iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

Exceptions: Yes, the minutes did not reference or include monthly budget-to-actual comparisons in all months.

3) **Bank Reconciliations**

- A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
 - ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated, electronically logged); and
 - iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Exceptions: No exceptions were noted.

4) Collections (excluding electronic funds transfers)

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that
 - i. Employees responsible for cash collections do not share cash drawers/registers;
 - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
 - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit, and
 - iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation.
- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.
- D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:
 - i. Observe that receipts are sequentially pre-numbered.
 - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - iii. Trace the deposit slip total to the actual deposit per the bank statement.
 - iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
 - v. Trace the actual deposit per the bank statement to the general ledger.

Exceptions: No exceptions were noted.

5) Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that
 - i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;
 - ii. At least two employees are involved in processing and approving payments to vendors;
 - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;
 - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and
 - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.
- C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and
 - i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and
 - ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.
- D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

Exceptions: No exceptions were noted.

6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and
 - i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
 - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under procedure #7B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Exceptions: No exceptions were noted.

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected
 - i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);
 - ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;

- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and
- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Exceptions: No exceptions were noted.

8) Contracts

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and
 - i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;
 - ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);
 - iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and
 - iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Exceptions: No exceptions were noted.

9) Payroll and Personnel

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and
 - i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);
 - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
 - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

- iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.
- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.
- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Exceptions: No exceptions were noted.

10) **Ethics**

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
 - i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
 - ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as Required by R.S. 42:1170.

Exceptions: No exceptions were noted.

11) **Debt Service**

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.
- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Exceptions: No exceptions were noted.

12) Fraud Notice

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.
- B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Exceptions: No exceptions were noted.

13) Information Technology Disaster Recovery/Business Continuity

- A. Perform the following procedures, **verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."**
 - i. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.
 - ii. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
 - iii. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.
- C. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows: hired before June 9, 2020 - completed the training; and hired on or after June 9, 2020 - completed the training within 30 days of initial service or employment.

We performed the procedure and discussed the results with management.

14) Prevention of Sexual Harassment

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.
- B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
 - i. Number and percentage of public servants in the agency who have completed the training requirements;
 - ii. Number of sexual harassment complaints received by the agency;
 - iii. Number of complaints which resulted in a finding that sexual harassment occurred;
 - iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
 - v. Amount of time it took to resolve each complaint.

Exceptions: No exceptions were noted.

We were engaged by the Iberville Parish Council to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Iberville Parish Council and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

IBERVILLE PARISH COUNCIL

**Management's Response to Statewide Agreed-Upon Procedures
For the Year Ended December 31, 2023**

Management's Response to Items:

2. Monthly financial statements are submitted, and questions are answered at each monthly Council Meeting. The Finance Department will make sure that we follow up each presentation with "Let the Written Minutes Reflect that the Financial Statements were presented to the Council." The Council Clerk will then make sure that the minutes reflect that the Statements were presented.

STATISTICAL SECTION

STATISTICAL SECTION

This section of the Parish's CAFR presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about the Parish's overall financial health. This information has not been audited by the independent auditor.

- **Financial Trends** – These schedules contain trend information to help the reader understand how the Parish's financial performance and well-being changed over time.
- **Revenue Capacity** – These schedules contain information to help the reader assess the Parish's significant local revenue sources, the sales tax and the property tax, as well as other revenue sources.
- **Debt Capacity** – These schedules present information to help the reader assess the affordability of the Parish's current levels of outstanding debt and the Parish's ability to issue additional debt in the future.
- **Economic and Demographic Information** – These schedules offer economic and demographic indicators to help the reader understand the environment within which the Parish's financial activities take place.
- **Operating Information** – These schedules contain service and infrastructure data to help the reader understand how the information in the Parish's financial report relates to the services the Parish provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Parish's comprehensive annual financial reports for the relevant years. The Parish implemented the new reporting model in the fiscal year ending December 31, 2001. Schedules presenting government-wide information include information beginning in that year.
